SUMMARY

Crypto-native BD operator with 4+ years in Web3 and a deep network across NFT and token projects. Co-founded an NFT project that raised over \$2M through community-led GTM and personally sourced, negotiated, and closed partnerships with 40+ projects across the ecosystem. Looking to convert a 40-deal Web3 partnerships track record into ecosystem BD for web3 gaming.

EXPERIENCE

Bobos of War — Co-Founder & Partnerships Lead

Remote / Web3 • 2020 – 2024

- Sourced, pitched, and closed partnerships with 40+ crypto and NFT projects — many gaming-adjacent communities — running an inbound + outbound BD motion across Discord, Twitter, and direct founder outreach.
- Co-founded an NFT project that raised over \$2M through a community-led go-to-market strategy; owned the full funnel from lead-gen to close.
- Built and maintained direct relationships with founders, core teams, and community leads across the Web3 ecosystem — a live partner network for ecosystem BD.
- Created the Bobo Olympics: a gaming-style, multi-week community competition I productized and cross-sold to 40+ partner communities. Every event was a deal — pitched, negotiated terms, coordinated logistics, delivered on schedule.
- Moved every signed deal to go-live: coordinated cross-team delivery across art, smart contract dev, marketing, and community ops. Managed a distributed team across time zones; async-native.
- Owned treasury and budget allocation; deep fluency in token economics, on-chain activity, and crypto market structure — can talk web3 game-economy design credibly with studios.
- Ran my own pipeline and relationship tracking across 40+ active deals for 4 years with a weekly cadence — no CRM budget, no dropped threads.

Bethesda Salon — Co-Owner

Bethesda, MD • 2014 – 2020

- Co-owned and operated two locations with full P&L responsibility for 6 years; grew revenue through pricing, service expansion, and retention programs — owned a number end-to-end before ever carrying a quota.
- Managed a team of 11 across hiring, scheduling, payroll, and performance.
- Owned vendor relationships, contract negotiation, and inventory across both locations.

PRIOR EXPERIENCE

Hospitality & Culinary (2012 – 2020): Executive Chef at Driftwood Kitchen (DC) — promoted from Line Cook in 10 months. Front-of-house and kitchen roles in NYC and DC built the customer-facing communication and operating-under-pressure muscle that carries into high-volume BD work.

CORE SKILLS

- **BD & Partnerships:** deal sourcing, pitching, negotiating, closing, founder relationship management, partner GTM, pipeline management, cross-functional delivery to go-live.
- **Crypto / Web3:** NFT markets and web3 gaming-adjacent ecosystems, token launches, tokenomics, EVM / L2 landscape, Discord & Twitter community ops.
- **Operations:** cross-functional coordination, async distributed-team management, treasury and budget ownership.
